" Retreat of the Ten Thousand," was inspired by his wife, the famous Milto, who, after his death, married his brother, Artaxerzes. Sydney Smith's wife was such a good cook that he calculated that during the course of his life he had eaten forty-eight four-horse

wagon loads more than was good for him. Mozart was as happy with his wife as a nan could be whose affections were perpetually straying; but she was forgiving and never reminded him of his numerous imperfections.

Lilly, the astrologer, married a Xantippe, who, as he says, "was of the temper of Mars." She left him and sued him for support, and with tears he tells how the suits cost him over £1,000. Forrest married a good woman with a bad temper, so was unhappy, and no wonder, for he first met Miss Sinclair on Friday, proposed

and was accepted on Friday, and married Sir Thomas More undertook to educate his wife, and obliged her to practise music. She hated music, but for some time complied with

henpecked him so successfully that he found the Tower a comfortable refuge from her tongue. Waxing the Tick.

A curious contrivance to prevent the fuff

waxing the inside of the ticks before they are turers of cheap down pillows fail not only to use a firm, good quality of ticking, but substitute a muslin which is altogether too soft and sheer for the purpose. The Weight of the Bedy. Prof. Huxley declares that the proper

weight of man is 154 pounds, made up as follows: Muscles and their appurtenance 68 pounds; skeleton, 24 pounds; skin, 1016 nounds: fat, 28 pounds; brain, 3 pound abdominal viscera, 11 pounds; blood (that which would drain from the body), 7 pounds in a minute, and he should breathe 15 times during each minute. At that rate, in twentyfour hours he would vitiate 1,750 cubic fee of pure air to the extent of 1 per cent. In the same length of time he should throw off through the skin 18 ounces of water, 300 grains of solid matter, and 400 grains of

A Few simple Desserts.

No. 1 .- To one-half pint of milk add the same of coffee; sweeten a little. When boling hot, add two tablespoonfuls of cornstarm, wet up in cold milk. Stir well and pour of. when it thickens, into shapes. Serve with

cream. No. 2.-One pint of milk, sweeten; one half cupful of stoned raisins. When hot, add wo tablespoonfuls of cornstarch. Flavor with lemon. Cook and serve as in No. 1.

No. 3.-One pint of milk, one-half ouptul of blanched and pounded almonds, one-quarter cupful of sugar, almond to flavor. Heat and add two even tablespoonfuls of cornstarch When a little cool add beaten whites of two eggs. Serve with whipped cream

to. 4 .- One quart of milk, flavoring and one-haif package of gelatine. Soak one hour in the milk, then let it get warm (not boiling). Pour into a mould. It makes a verr delicate blancmange.

1,357 Years Ago Te. Day. It was on this day, 536 A. D., that two

monks came from the Indies to Constan-

Cheen'ate Pudding. One-quarter pound fresh butter, one-quarter three ounces castor sugar, one teaspoonfu essence of vanilla, three eggs. Heat the butter and milk together, when it is boiling sift in the grated chocolate and the crushed Savoy biscuits, stir all together till it thickens and leaves the sides of the pan; when hearly cold stir in the sugar and vanilla essence, and then one by one the yolks of the eggs: last of all, whisk in the whites of the eggs beaten to a stiff froth, pour inte buttered mould, cover with buttered paper.

Year Diary for 1893.

and steam for two hours.

If you determine to keep a diary for 1895 keep it as it should be kept, not with the first four or five pages duly filled with the happenings of the initial week of the year, then a lapse of three or four with entries regarding the time of your arising, what you had for dinner and when you went to bed, and thes a longer period of blankness and about April
